

LAST RITES FOR RULER ARRANGED

Remains of Francis Joseph Lie in State in Palace; Will Be Placed in Historic Resting Place of Hapsburgs House

New Emperor is Expected to Make Changes in Government Staff; Councillor Who Tutored Him to Be Rewarded

VIENNA, Nov. 24.—In the working room of Schoenbrunn palace, from which, for sixty years, he ruled Austria-Hungary, the body of Emperor Francis Joseph lay in state today. His hands clasped a silver and pearl rosary which the dead monarch had always used during his lifetime. At each corner of the casket were great candles, while his favorite flowers, lilies of the valley and violets were massed on either side of the bier. Priests intoned constantly the vigils of the dead.

Arrangements for the funeral were completed today. The remains of the late ruler will lie in the Grotto gallery, or working room, of the palace until Monday night. At 10 o'clock the body will be carried in the silent pomp of the ancient Hapsburg Spanish ceremonial to the chapel of St. Peter's Augustiner. In this ancient structure—more than 400 years old and one of the finest specimens of medieval architecture in Europe—the body of the late sovereign will rest until next Thursday.

At 4:30 that afternoon the remains will be borne to the resting place of the Hapsburgs, the ancient chapel of the Capuchins, where Franz Josef will join in his last rest the 132 other Hapsburgs buried there.

The official cause of the emperor's death was announced today as peritonitis and paralysis of the heart.

His last words, it is said, were "I am tired."

It is expected here that the Emperor Charles will make a few changes in the government staff, the main one being replacement of Baron Burián, now imperial privy counselor, with Count Hertefeld, who a year ago was detached from his place in the foreign office and named master of the imperial household that he might tutor the heir in state-manship and prepare him for the throne.

Monday's funeral procession will include every member of the imperial household.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, herbs and herbs which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years.

Villa Repulsed in Second Fight De Factos Hold Chihuahua

(Continued From Page 1)

A brilliant cavalry attack in person late in the afternoon which turned the course of the battle. He crossed the river and charged the enemy at a point between the old smelter and the cemetery. The Villa troops broke in disorder. General Osuna followed up their retreat to Las Escobas ranch, about five miles northwest of Chihuahua.

After his cavalry attack, which was followed up by Osuna, General Trevino, although suffering from a wound received at that time, visited the trenches covering the entrance of the town at Zarcos avenue, where, cheered by the men, he straightened out the troops who were subjected to the fire of the remaining Villa forces.

During the last phase of the battle General Trevino remained on Santa Rosa, directing the artillery, which played until darkness rendered further work ineffective.

Emperor Charles Sends Imperial Rescript Francis Joseph Sent Last Word to People

LONDON, Nov. 24.—Emperor Charles of Austria has addressed the following imperial rescript to Premier Koerber, according to a Vienna despatch to Reuters by way of Amsterdam, quoting the Wiener Zeitung:

Dear Dr. von Koerber: Bearing in mind my constitutional duty to take the oath and exercise the executive powers of government, according to article VII of the constitution of September 29, 1867, I await from you proposals tending to the fulfillment of this stipulation.

Dated Vienna, Nov. 23, 1916. (Signed) CHARLES.

Emperor Charles has sent an autograph letter to Premier Koerber of Hungary, confirming him and the Hungarian ministers in their posts, according to a Budapest despatch to Reuters by way of Amsterdam.

household, every court officer, every faithful footman—in addition to the new emperor and empress. Later the two will receive the holy sacrament at the Hofburg chapel and then the Lord Steward of the imperial household will shut the door until the next morning. Then the public will be permitted during Monday and Tuesday to take farewell of their beloved ruler. Admittance to Schoenbrunn palace is forbidden the population, so that the transfer of the remains from that place to the Hofburg chapel was made necessary to comply with the dead emperor's wishes that his people might view him in death.

The Hofburg Augustiner church, on the altar of which the emperor's body will lie in state, is of plain interior, but rich in historical associations.

Under the magnificent altar, the show piece of the palace—built 280 years ago—is the skeleton of "Holy Victorin," the first nun in Austria, literally covered with gold bead work, much of it fashioned in the eighteenth century by the hands of the empress, Maria Theresa. Opposite is the gold-jointed skeleton and skull of the first Austrian archbishop.

POMP AT BURIAL

Thursday afternoon's final bearing of the body to the grave will also be impressive in its sombre pomp. All the German princes, including many from neutral countries are expected to attend.

The emperor's coffin will be enclosed in a silver covering before the emperor is buried in chapel of the Capuchins.

RUSSIA ADMITS DREADNAUGHT LOSS

Two Hundred of Crew of the Imperatritsa Maria Missing.

PETROGRAD, Nov. 24.—Russia officially announces the loss of the dreadnaught Imperatritsa Maria. The statement issued reads:

The Russian dreadnaught Imperatritsa Maria has been sunk by an internal explosion. Two hundred of the crew were saved. An officer and two first-class substitute officers and 149 sailors are missing. Sixty-four of the crew have since died from the effects of their burns.

The position of the ship, which lies in shallow water, gives hope that it may be refloated and completely repaired in a few months. The bridge is only one yard below water level. Early in November a report was in circulation that the Imperatritsa Maria had gone to the bottom and that nearly all of her crew had perished.

Trepoff Is Made Russian Premier

LONDON, Nov. 24.—Alexander Trepoff, Russian minister of railways, has been appointed premier, according to a Reuters despatch from Petrograd. The retiring premier, M. Sturmer, by an imperial ukase, has been appointed grand chamberlain of the imperial court, retaining his functions as a member of the council of the empire.

Petrograd newspapers say that the appointment of M. Trepoff as premier implies the necessity that the government make a communication to parliament explaining the impending problems connected with the work of the government.

British Hospital Ship Is Sunk

All on Braemar Castle Reported Saved

LONDON, Nov. 24.—The British hospital ship Braemar Castle, homeward bound from Saloniki to Malta, was sunk by a mine or torpedo in Mykonos channel off the Aegean Sea, an admiralty announcement stated today. The admiralty stated all aboard were saved.

A Reuter despatch from Athens says the Braemar Castle was torpedoed.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen.

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria opens the pores of the skin and allays fever.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

SHORT SKIRTS TO PASS, IS EDICT

Fashion Convention Also Considers Raise in Price Next Season.

CHICAGO, Nov. 24.—The short skirt must go. Also the flaring skirt. The clinging straight lined garment will be worn by women next spring. These startling pieces of fashion news were revealed here as plans were made for the convention of the Designers' Association of Women's Clothes, whose biennial meeting opens here December 16. Incidentally, friend wife's clothing is going to cost from 15 to 20 per cent more next year, according to Alexander Weisz, president of the designers' organization, who is said to be one of the foremost garment designers in the United States.

Car Shortage May Close Mills

Flour Production in the West Threatened

MINNEAPOLIS, Nov. 24.—Facing the northwest's most acute car shortage and an utter inability to move their grain with the closing of lake navigation, W. H. Bovey of the Washburn-Crosby Milling Company today predicted flour mills in this, the country's greatest milling center, may be forced to close down indefinitely. Mills are now running only part time, because of the car shortage. It is admitted that closing the mills would increase the flour shortage and boost prices.

IT'S ALL UP TO WILSON IN 8-HOUR LAW

Railroads Agree to Give Him Free Rein in Formulating Program of Operation Under Act While Battle On in Court

WASHINGTON, Nov. 24.—President Wilson will be given a free rein by the railroads in the country in working out legislative remedies for industrial disputes. It was learned today from railroad officials.

The reasons are twofold. First, it has become known the roads, devoting their entire time in combatting the constitutionality of the Adamson eight-hour law, have not considered formulation of a plan which would meet the approval of the brotherhoods.

county's claims for the naval base and include the following facts:

- 1.—San Leandro bay is situated in the heart of a thickly populated labor district, with an ideal climate, thereby solving the housing problem.
- 2.—On the main line of two great trans-continental railroads, viz. Southern Pacific and the Western Pacific, also a possibility of a third line coming in on the California railway.
- 3.—Fresh water can be had in an abundance; one section of this site now supplies the city of Alameda with fresh water. It is also on the main line of two large water mains, coming directly from Lake Chabot and the wells at Alvarado.
- 4.—On the main line of a great high tension power system coming directly from the mountains, providing an unlimited amount of cheap power.
- 5.—Bay Farm Island, situated off San Leandro bay, offers an ideal site for an aviation field.
- 6.—As no streams empty into this bay, there will be no shoaling and the bay after dredging will retain its depth; the character of the soil at the bottom of this bay permits dredging at a very cheap rate.
- 7.—While San Leandro bay is about twenty miles from the high seas, it is only an hour's sail to the Golden Gate.
- 8.—In the event of war, the enemy would endeavor to cripple the water and power supply to the naval base, which is an easy matter as far as the other proposed sites which are offered are concerned. A landing force on the lower part of the peninsula could put out of commission the entire district of San Mateo and likewise Marin of the Golden Gate. San Leandro bay being landlocked, guarded by the numerous forts about the bay of San Francisco, makes it almost impregnable.

TWO RAIL CARRIERS.
Important for consideration is the fact that two trans-continental railroads traverse the site on San Leandro bay. In San Francisco the committee has to deal with the problem of constructing a railroad to Hunters Point. The matter of a water supply for the base that would be a great advantage is also a proposition which will be carefully considered by the naval commission.

Young Probationers in Tolls Again

SAN FRANCISCO, Nov. 24.—Violating the terms of their probation from the Superior Court, which allowed them to go at liberty following a series of similar crimes, Rudy Antonien and Joseph Flynn, 18-year-old boys, were arrested again this morning for stealing an automobile. The captures were made by Detective Gallatin and Houlihan of the Mission station at 5 a. m. Flynn was arrested at his home, 43 Alhambra avenue, and Antonien at 18 Capp street. The officers had been watching the houses throughout the night. The pair are accused of stealing the automobile of Dr. O. E. Eklund, 391 Sutter street; joy riding to San Mateo, and then selling the extra tire which they are alleged to have taken from it to Milton Sipple of 170 Valencia street.

100,000 Died from Bright's Disease and Other Kidney Troubles During the Past Year

Insurance Company Official Says That "60% of These Deaths Could Have Been Avoided."

The increase in fatalities from Bright's Disease and other kidney ailments is causing grave concern to health authorities. A leading life insurance company states that 60% of the fatalities could have been avoided or postponed had the proper precautionary measures been taken.

Thousands of people who have kidney trouble do not know it. They do not realize the important part the kidneys play in our daily life. If the kidneys fail to act as nature intended, good health is impossible, as the poisons created daily are retained in the system, which causes backaches, constipation and many other distressing ills.

So to avert serious kidney illness, Warner's Safe Kidney and Liver Remedy invariably helps these important organs back to normal action. Its healing and soothing action on the kidneys tends to do their work of elimination of poisons from the system. That is why Warner's has helped thousands of sufferers from backache, weak kidneys and bladder troubles, and why it is so uniformly successful.

Then remember, Warner's Safe Kidney and Liver Remedy is no experiment of today, but is a most dependable medicine for the kidneys that has been a blessing to thousands of sufferers for the last forty years. You can get it at all druggists in 50¢ and \$1.00 bottles; or a sample will be mailed free, if you write Warner's Safe Remedy Co., Dept. 353, Rochester, N. Y.—Advertisement.

With Charges of
Cruelty.

SAN FRANCISCO, Nov. 24.—When Louis Albert Larsen, publisher of the Daily Pacific Builder and Industrial News, decided to forsake his home and family on December 23, 1915, and take up his residence with an alleged affinity, he deprived his wife, Mrs. Fannie Irene Larson, of most of the luxuries of twentieth century housekeeping, according to charges made by her today. In an action for a legal separation which is scheduled to be heard in the Superior Court this afternoon, Mrs. Larson still occupies the supposedly appointed residence at 340 Lake street, accuses the publisher of leaving her for a six months' period and taking up his residence at the Natalie Apartments, with the co-respondent, Mrs. F. V. Carey. At the time of his departure, she asserts, he told her he was going away never to return, but did come back to the family home last June.

During his absence he removed one after another, she says, the various necessities to which she had become accustomed. First, the maid was discharged, then an unlimited switching telephone was replaced by one with a nickel in the slot attachment for which he declined to give her either nickels or slugs. Then he ordered the heater removed and her own piano sent to storage. When her mother, Mrs. Eisenberg, came to call upon her, she found her husband slammed the door in her face, refusing to allow her to enter. Then on October 24 she accused him of cheating her from her home and throwing out her clothes with her. There are many other charges, including Larson's alleged refusal to give her a nickel to telephone to a physician when their child was ill and his failure to adequately provide for her during his six months' absence away from home. Throughout that period she kept a diary of the amounts received from him as follows:

December \$18, January \$30, February \$15, March \$18, April \$25, May \$3 and June, July, August, September and October a total of \$10. Mrs. Larsen has retained Attorney O'Connor and asks for \$100 a month alimony and the custody of their child.

Mrs. Larsen's divorce complaint was substituted for one asking for separate maintenance which she filed several weeks ago. After Superior Judge Deasy had heard her testimony this morning he granted her a decree. She said he was in receipt of \$1000 a month income.

**Stop—One Word May
Defeat Damage Suit**

Are the lines of the San Francisco-Oakland Terminal Railway that carry passengers to and from the Key Route pier street railways, or do they rank as steam roads?

On this question hinges the fate of the suit of Miss Margaret Rausch against the corporation, now being heard before a jury in the court of Superior Judge William H. Wast. Attorneys for the corporation aver that the fifteenth street line of the company as well as all other similar lines are, legally, in the same category as steam railroads, while attorneys for the plaintiff are trying to prove with scores of former court decisions that it is a street railway line.

Under the law, drivers of vehicles and pedestrians have to stop, look and listen upon approaching a steam railway line. If it is a street railway line the "stop" is eliminated, and the law requires that they but look and listen. Miss Rausch and Robert Monroe, the driver of the motor car which was run down by a Fifty-fifth street train of the corporation last spring, have testified that they looked and listened for a moment before the collision occurred. They make no claim to have stopped before so doing.

Miss Rausch suffered internal injuries in the accident, and is suing for \$25,000 damages.

To Plan Celebration of Electrical Week

Members of the Allied Electrical Interests of Oakland will hold a luncheon in the Chamber of Commerce dining room, Hotel Oakland, tomorrow at 1 p. m. Final arrangements will be made for a celebration of America's Electrical Week, December 2 to 9. The local plans include an exhibition of a modern electrically equipped bungalow. Two store rooms, Fourteenth and Webster streets, have been rented for this purpose. Admission will be free.

Bredhoff Estate Consists of Stocks

SAN FRANCISCO, Nov. 24.—Letters of administration were applied for today in the estate of Charles M. Bredhoff, politician and stock and bond broker, who died on November 5. Bredhoff left a will and the widow, Mary A. Bredhoff, declares that the estate consisted largely of stocks in sugar plantations. Besides the widow the other heirs are Charles B. Bredhoff, a son, and Mrs. Ellen Brey, a daughter.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker
and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, in the form of a pleasant white ointment. Takes the place of out-of-date mustard plasters. Will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 25c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Pimples Disappear

There is one remedy that seldom fails to clear away all pimples, blotches and other skin eruptions and that makes the skin soft, clear and healthy.

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

HARRIMAN JEWELS ARE RECOVERED

Mystery of the Theft of Gems From Widow of R. R. Magistrate Nears Solution When Two Men Are Arraigned

NEW YORK, Nov. 24.—With the arraignment today of Arthur P. Daggett and his brother, Orville, on a charge of stealing gems valued at \$65,000 from Mrs. E. H. Harriman, the mystery of the theft has come nearer public solution than at any time since it was reported under strict injunctions of secrecy, to private detectives.

Arthur Daggett, who had custody of the safe deposit vaults in which Mrs. Harriman deposited her gems months ago, is said to have confessed. The greater portion of the valuables has been recovered, but the police refuse to say how or from whom. The police say that with the exception of a diamond necklace valued at \$10,000 and a ruby valued at \$7500, all of the missing gems were found in a tobacco sack in an old pair of trousers.

To whom these trousers belonged has been closely guarded by the police. The circumstances will come out in the trial. Mrs. Harriman was not certain when she missed the necklace. She last saw

Greek Troops Defy Allies Gen. Sarraill Threatens to Use Force

LONDON, Nov. 24.—The Greek royalist troops have refused to evacuate Katerina, as demanded by the entente authorities, and General Sarraill, in command of the entente forces, has warned the government at Athens that unless an order for immediate evacuation is given he will proceed to use force, says an Exchange Telegraph Company despatch from Athens today.

the ornament in the latter part of March. When she returned to her home on the evening in question she put the pendant in its case, which she left on her dressing table until the following morning. Then she put the case, without opening it, into a leather bag and locked that in the wall safe of her home.

In May, when Mrs. Harriman was preparing to leave the city for her country place in the Ramapo Hills, Arden House, she took the small leather bag to the Farmers Loan and Trust Company, at Fifth avenue and Forty-first street, in the building where the Harriman estate has its offices. The bag, without being opened or its contents examined, was placed in the vault there. Last Monday Mrs. Harriman took the bag from the vault to her home again.

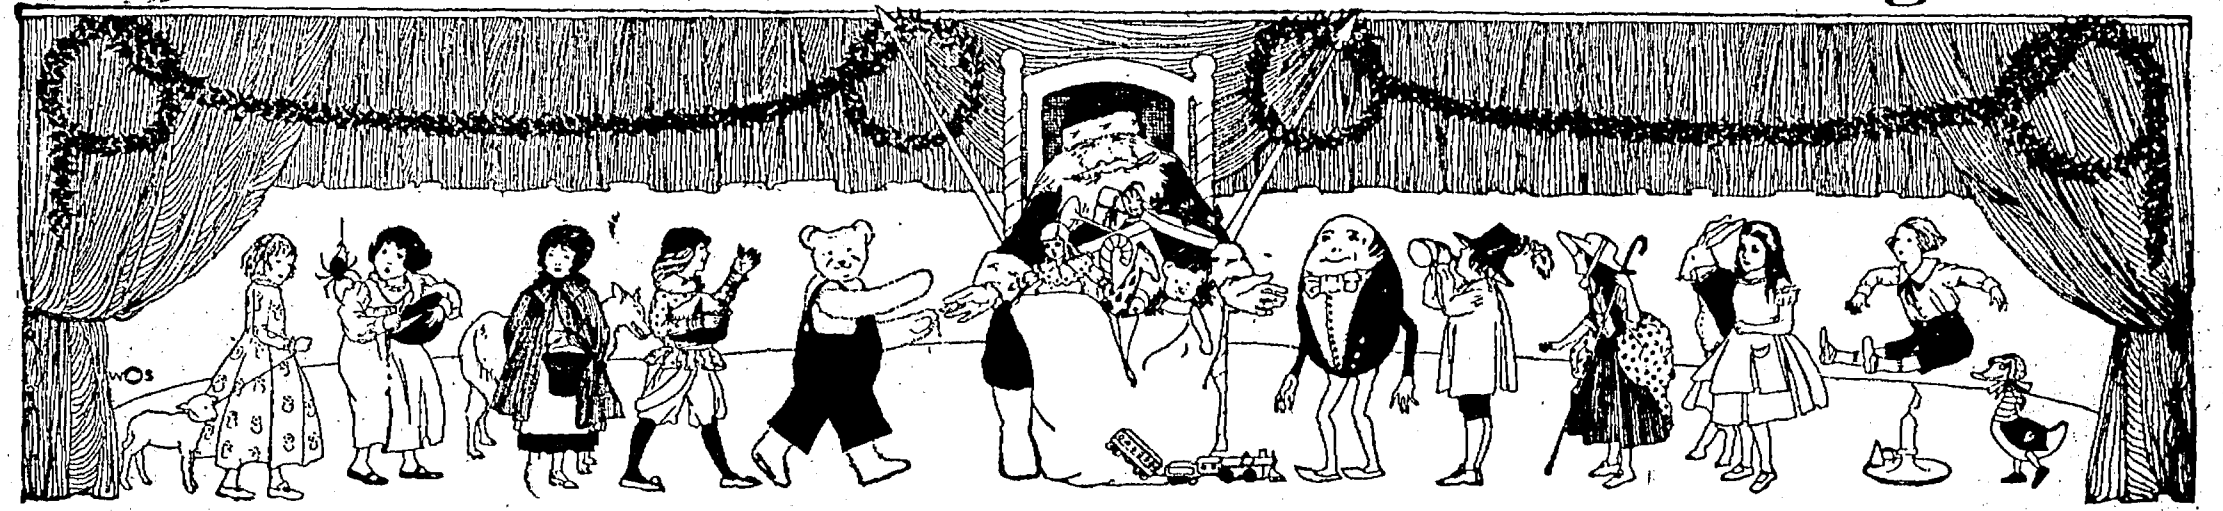

When Mrs. Harriman opened the bag she found the pendant case in it, but there was no pendant. She made a thorough search of the wall safe and of the house, but without finding trace of the jewelry. The next day she gave notice of her loss, but with the strictest injunctions that the matter be kept secret.

NOT GUILTY OF HIGH COST, SAY GROCERS

Association Absolves Itself From Blame for the Soaring Price of Food; Says Profits of Trade Are Not Excessive

"Everybody's Doin' It," Given As One Explanation of Rising Cost of Commodities; Cause of Trouble Is Not Local

One hundred members of the Alameda County Retail Grocers' Association met last night in a hall at Forty-second and Telegraph avenue and absolved themselves from blame for the soaring prices of food stuffs. Those present declared that they have been unjustly accused of profiteering with the "C. I." bogle and made it the sense of the meeting that retail grocers have been asking only a legitimate profit for their goods.

E. S. Hogan, secretary of the association, said:

BLAMED UNJUSTLY. It has been the policy of the association to avoid asking excessive prices for goods. We feel that we have been unjustly blamed for high prices. The grocer as any other business man is entitled to a legitimate profit. When articles cost more, he has to charge the consumer higher for them. The public will have to go further than to the retail grocer to ascertain the causes for the high cost of living. The grocers compared prices for different food stuffs and found, they say, that they are consistent in their scale and that none of them has great prospective wealth in store as the result of the war, the shortage of cars or crops or whatever it may be that has brought about the high cost of commodities.

EVERYBODY DOING IT. In San Francisco, those who are concerned in finding out why edibles are costing more than ever before in the history of eating in California, since perhaps in the olden and golden days when caviare, roquefort cheese and nearly everything except turnips came round the horn in sailing vessels, say that it is because "Everybody's Doin' It."

One raise calls another, they say. Whoever opened the High Cost of Living port probably had a legitimate hand, though the honest one at 1000 the fellow to his left thought he would come in and take a chance, the next one had too much in to drop out, so it went until they were all taking a chance. What the show-down will divulge is right now a speculation among the onlookers or consumers.

Eurhythmics Come V. est to Young Maids of College

Eurhythmics have come to Mills College. They are not food or a new biological find for the institution's laboratory. Rather, they compose a form of exercise in which artistic athletic movements are carried on in rhythm and with perfect regard for art. They came when Miss Elizabeth Rein Stoner was appointed head of the physical education department.

To prepare for a teaching idea of eurhythmics, Miss Stoner studied in the Dalcroze School of Germany, known to eurhythmics enthusiasts throughout the world. A graduate of the Boston Normal School of Gymnastics, she is an exponent of the Swedish system in athletics for women and came to Mills recently through the Margaret Carnegie Technical Institute of Pittsburgh.

Under her direction a number of innovations have been introduced into Mills college recreation plans. Hockey, heretofore an unknown quantity among Pacific Coast winter sports, has been brought from the snowbound East to amuse the Girl of the Golden West. It is to be the regular exercise program from now on, and teams will be organized as soon as the elements of the game have been mastered.

Class organizations will meet before long in the first contents for the college championship. It is hoped that games may be secured with other teams on the Pacific slope.

SAN FRANCISCO, Nov. 24.—Mrs. Marion Owens Pike, now a scenario writer in New York, will be named in a divorce action for the second time within five years when Robert Dixon Pike, Bohemian Club member and son of Charles Pike, capitalist, files a suit within the next few days. Pike has retained an attorney to represent him in the action.

U. C. Donor's Niece in Marital Trouble

SAN FRANCISCO, Nov. 24.—As an aftermath to an elopement in March, 1916, it was admitted today by Allen Green, wife of Charles E. Green, vice president of the Crocker National Bank, that he and his wife, the former Alice Doe, niece of the donor of the Doe library at the University of California, have separated.

Further than that they ceased to live together three or four months ago, Green would say nothing as to possible divorce proceedings. Mrs. Green went to Honolulu at that time in company of her mother, Mrs. L. B. Doe, but the friends of the young couple did not imagine that they had quarreled. They eloped while Green was a student at the university.

WHAT IS A LIBERTINE CONSULT YOUR DICTIONARY

Try This if You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of dandruff. No matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

WIFE SAYS HUSBAND IS 'SLAVER'

Aviator George Culbertson Is Taken After Early Morning Street Quarrel With Spouse, Who Charges Serious Crime

Son and Heir of Rich Santa Barbara Rancher Declares Case a "Frame-Up" and That Wife Wants Property

SAN FRANCISCO, Nov. 24.—Geo. Culbertson, well-known California aviator, whose spectacular flying career was brought to a sudden stop at Napa, June 13, 1915, when he fell 200 feet to the ground during the Moosa carnival, was taken into custody this morning on a white slave charge preferred by his wife, Mrs. Gabel Culbertson.

The arrest of Culbertson was the result of a quarrel between the pair on Market street at 5:30 this morning, when the aviator is alleged to have struck his wife.

She appealed to Patrolman Fred Norman and both were escorted to the city prison.

OWNS LARGE ESTATE. Culbertson recently came into a large estate through the death of his father, one of the owners of the San Lucas ranch and a prominent resident of Santa Barbara. He declares that his arrest is a frame-up on the part of his wife and her mother and that they are trying to take from him a portion of his property.

"This whole thing is a frame-up," said Culbertson. "I have an automobile and my wife wants it. She wants to get everything that I have. It is not true that I sent her to the resort where she has been staying. I can prove that. I can prove that I gave her \$500 last week. I am not going to let this thing go. I am going to fight it."

Culbertson said that he would appeal to Edward Rainey, secretary to Mayor Rolph, whose family estate adjoins that of the Culbertsons in Southern California.

RAN TO POLICE. According to Patrolman Norman Mrs. Culbertson ran to him with tears in her eyes this morning and informed him that Culbertson had beaten her. He was charged with violating section 266-G of the penal code and carrying concealed weapons. He had a large automatic revolver in his pocket. The wife was booked on a vagrancy charge.

Culbertson, who is 31 years old, learned of the aviator at the beach and made a dozen flights, including four at Vallejo, before his fall at Napa.

Blanchard to Direct Mendelssohn's Cantata

The chorus choir of the First Congregational Church, under the direction of Eugene Blanchard, will render Mendelssohn's symphony cantata, "The Hymn of Praise," as its special Thanksgiving offering, at the church edifice, Eleventh and Clay streets, Oakland, next Sunday evening, November 26, at 7:30 o'clock.

The "Hymn of Praise" was especially composed for the Gutenberg Festival in 1860, six years before Mendelssohn's famous "Elijah" and while no longer is a work of even great difficulty. The cantata itself is preceded by a symphony for orchestra, a forth due, no doubt, to Beethoven's "Ninth" symphony. Besides the magnificent and majestic chorus numbers are several solos and the beautiful duet for soprano and tenor, "My Song Shall Always Be Thee, O God."

The soloists are: Mrs. Alma Berglund Winchester, soprano; Mrs. Ruth Waterman Anderson, contralto; Hugh J. Williams, tenor; Charles E. Lloyd, Jr., bass; Miss de Fremery, organist.

There will also be special music of a Thanksgiving character at the morning service. The evening program is as follows:

Organ, "Fantasie".....Saint-Saens Anthem, "Praise the Lord, O My Soul".....Mori

Response, "Hear Our Prayer".....Whelpton Offertory, "Song of Praise".....Goublier

Symphony cantata, "Hymn of Praise".....(Solo and chorus).....Mendelssohn Organ, finale "Fourth Sonata".....Mendelssohn

German Fairy Tale to Be Presented

MILL VALLEY, Nov. 24.—The beautiful fairy tale, "Snow White and the Seven Dwarfs," will be presented in the German tongue tomorrow afternoon at 2:30 o'clock in the Outdoor Art Club house, by the children of the German classes of Miss A. Hartmann.

Many of the prominent society women of Mill Valley are co-operating with Miss Hartmann in plans for this presentation, which will be one of the most interesting affairs of its kind ever held here. The object of the production is perhaps of the most interesting—it is to be a benefit for the German children of Europe. It is a case of the happy, contented, Christmas-anticipating children of California sending what cheer they can to the saddened, unopulent children of the war country across the Atlantic Ocean.

The stage will be under the direction of Mrs. F. Hahn and Mrs. W. L. Norlands will be accompanist. Mr. and Mrs. Reimann and E. Pickenbrock are acting as treasurers and Mrs. Robert Capelle is president.

"California" Will Be Played at Inaugural

SAN DIEGO, Nov. 24.—In preparation of the part California took in his election, President Wilson has consented to have "I Love You, California" played by the United States marine band in the inaugural parade. F. G. Kaufman, superintendent of the exposition zone, short time ago wrote to the President saying: "Kindly have the band play 'I Love You, California' in the inaugural parade."

Today he received a letter from Secretary Tumulty, thanking him and behalf of the President for the kind suggestion and assuring that the selection certainly would be played on the day of the inauguration.

A FINE TREATMENT FOR CATARRH

EASY TO MAKE AND COSTS LITTLE. Catarrh is such an insidious disease and has become so prevalent during the past few years that its treatment should be understood by all. Science has fully proved that Catarrh is a constitutional disease and therefore requires a constitutional treatment. Sprays, inhalers, salves and nose douches seldom if ever give lasting benefit and often drive the disease further down the air passages and into the lungs. If you have Catarrh or Catarrhal Discharge or head-noises, go to your drug-gist and get one ounce of Tarnish (Double Strength). Take this home and add to it 1/2 pint of hot water and 4 ounces of granulated sugar; stir until dissolved, take one tablespoonful 4 times a day. This will often bring quick relief from the distressing head-noises; clogged nostrils should open, breathing become easy and mucus stop dropping into the throat. This treatment is a slight tonic action which makes it especially effective in cases where the blood has become thin and weak. It is easy to make, tastes pleasant and costs little. Every person who wishes to be free from this distressing disease should give this treatment a trial. Osgood Bros. can supply you.—Advertisement.

Bluebird Seeks Friend for Boy Environment May Save Youth Mail Assn. Sends Gift to Bureau

"Prevention and formation, rather than correction and reformation"—that is the ideal of modern workers among boys and girls in city life. The formula is taken from a letter received today by the Blue Bird Bureau from Probation Officer Oille Snediger.

Snediger is asking the aid of the Blue Bird Bureau in finding a place for a boy who has not been assigned to the care of the probation office for the simple reason that he is not a "bad" boy. But his environment is

at present not what it should be, and Snediger has the ideal before him of preventing a boy from going wrong, rather than correcting and reforming him after the event.

But the probation office suffers under a handicap in handling such work, because people have come to think of the probation charges as of boys and girls who have "gone wrong." So Snediger has asked that this boy be considered, not as a probation charge, but as a friend of his. He says:

This boy is not officially connected with this office. He is the oldest of three children. The father deserted his family when all the children were small, and the mother has supported them entirely by her own efforts. The boy is 15, and the mother feels it is a critical time in his life. By reason of the fact that she is a woman, and so brings a woman's influence to bear upon the boy, and by reason of her being obliged to be away from home earning a livelihood, she fears that she is not able to cope with the situation. She would like to find a country home for her son. I know she will be deeply grateful for any assistance that can be given, and, if it is possible, through the columns of the Blue Bird, to attain this end. It will be well worth while, for it will be a work of prevention and formation, rather than of correction, and reformation—respective values which are not to be compared.

With some clothes, baby clothes and children's clothes, neat and clean and neatly arranged, and with a contribution of money to the Blue Bird fund, there has come a letter from the Golden Gate Auxiliary to the Railway Mail Association. For the gift, and the good fellowship which goes with it, the Blue Bird gives thanks in the name of the children who will be helped through this hourly. The letter follows:

Blue Bird Bureau: The accompanying donation is the gift of the Golden Gate Auxiliary to the Railway Mail Association. Each year, upon an appointed day, the members of this club bring their gifts; and some institution is chosen as the recipient. This year the Blue Bird Bureau was decided upon, being unanimously considered one of the best mediums of distribution to be found. Hoping these things may be of service to the bureau, I am, sincerely, GRACE COLTON, Corresponding Secretary.

Walkout May Result in New Dock Strike

SAN FRANCISCO, Nov. 24.—A walkout of freight handlers doing the stevedoring on the steamer Cleone at Pier 47, may precipitate another waterfront strike due to a wrangle over wages paid to six men. It is claimed by the members of the stevedores' union that the American Stevedores' Company employed six lumber handlers, mixing them up with the freight handlers in connection with the loading work on the Cleone. Lumber handlers are paid 50 cents an hour while freight handlers receive 55. This led to the disagreement and unless a settlement is quickly effected trouble may spread.

Thompson, Democrat, Senator by 2 Votes

SACRAMENTO, Nov. 24.—The election of J. R. Thompson, Democrat, as State Senator over Willis N. Slosson, Republican, in the Twenty-fifth senatorial district, including Santa Barbara and Ventura counties, was accomplished by the margin of two votes, according to figures sent to the Secretary of State for official tabulation. The returns which have been found correct show Slosson's final vote was 7375 and Thompson's 7377. In the First Assembly district there was a close result. H. B. Roan, Democrat, defeated W. W. Barham, Republican, by four votes. Both are from Siskiyou county.

New Leper Home to Be Dedicated

Dedication of the new home for leper boys at the County Infirmary will take place at 3 o'clock Sunday afternoon. The Ladies' Welfare League and various church organizations will be represented at the ceremony, in which Rev. Alexander Allen, pastor of St. Paul's Episcopal Church; Captain W. J. Tay, T. B. Watson, and others will take part. Mrs. Tegner, soloist, and other musical talent will give a program. The dedication of the home was to have been held sometime ago but was postponed. The leper boys, now inmates at the County Infirmary, will be housed in the new home, which consists of a cottage of four rooms.

Child Tells Story of Murder of Father

BAKERSFIELD, Nov. 24.—Wilma Knittel, aged 9, on the witness stand, told her story of the killing of her father, William Knittel, by David S. Chester, aged 74, Civil War veteran, who is on trial for murder. The shooting was the climax of a dispute over a lease. Chester contends that he shot in self-defense after Knittel had threatened him with a club. The child, who was the only witness to the tragedy, asserted that her father was unarmed. The veracity of the girl and the old man will be the issue for the jury to decide.

Australia Prohibits Sale of Sheepskins

LONDON, Nov. 24.—The sale of wool or sheepskins has been prohibited in Australia without permission of the prime minister. A recent despatch from London stated that New Zealand had prohibited wool exports.

Will Never Be Without This Simple Laxative

Dr. Caldwell's Syrup Pepsin
Relieved Her Baby When
Nothing Else Would.

Little Max Pendergrast is now four years old, and a fine healthy boy. When but a tiny baby, in fact almost from birth, he suffered a great deal from constipation. His mother, Mrs. Carl W. Pendergrast, Red Key, Ind., heard of Dr. Caldwell's Syrup Pepsin, obtained a bottle of it from the drug store, and with it was able to quickly correct this condition.

Mrs. Pendergrast says Dr. Caldwell's Syrup Pepsin has saved them from calling the doctor many times, and that she will never be without a bottle of it in the house to use when needed. She found it equally effective as a laxative for herself and other members of the family.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, pleasant to the taste, mild in action and positive in effect. It does not grip or strain, and contains no opiate or narcotic drug. It is the ideal family laxative, mild and pleasant for baby, yet acting quickly on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a fac simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 465 Washington st., Monticello, Illinois.

SUCCESS OF BOY SCOUT DAY TOLD

Rotary Club President Thanks
Helpers for Assistance in
Campaign.

Announcement of a successful culmination of the campaign to raise funds for the Boy Scout movement through a special day, held under the auspices of the Oakland Rotary Club, was made today by A. E. Carter, president of the Oakland Rotary Club. According to Carter, several hundred dollars were collected as the result of the advertising and demonstrations by the Boy Scouts themselves. The exact amount has not yet been officially determined.

Carter extended his thanks today to organizations for their aid in the work. He said: "On behalf of the Oakland Rotary Club I wish to extend sincere thanks to members of other organizations and private individuals who co-operated with us in making the Boy Scout campaign a success. I want to mention particularly the work of the women who worked unselfishly in behalf of the boys and their movement. It is something that Oakland should be proud of. This spirit of co-operation which was so spontaneously manifested in behalf of the good work, and I desire that all those who aided in the work should know how the Oakland Rotary Club feels about it."

Archbold Undergoes Capital Operation

NEW YORK, Nov. 24.—John D. Archbold was operated on for appendicitis last night, it became known today. His condition was reported as satisfactory.

WOMAN PLAYS HER PART IN NEWS

SAN FRANCISCO, Nov. 24.—John Schussler, 88 years old, a retired art dealer, 2901 the avenue, was named in Judge Graham's court yesterday, as the affiant of Mrs. Leah Green, 35 years old, who is suing William Green, carpenter, for a divorce on grounds of cruelty.

Green denied the cruelty charges and declared that Schussler had come between himself and his wife and it was her love for the octogenarian that had prompted her to sue for divorce. He said she had frequently entertained Schussler in her home, and was seen in the street with him and accepted presents from him.

Schussler took the witness stand and admitted having given money to Mrs. Green, but only to help her in her charitable instincts.

He said he first met Mrs. Green in Lafayette square a year ago. She sat on a bench next to him and was crying. He asked her the cause of her weeping and she told him that her husband would give her no money to buy clothing and treated her cruelly.

He showed her his shoes, he said, and they were in a pitiable condition. He gave her money to buy new shoes and she gave him a receipt for them.

He said he tried to explain to Green his charitable intentions toward Mrs. Green after the gossip connecting their names had commenced, but the husband refused to listen to him.

"I believe in your charitable intentions," said Judge Graham, "but I would advise you in the future to confine your charity to unmarried women unless you have the permission of the husband."

The case was continued until Tuesday.

WOMEN QUIT FETE TO BATTLE FIRE

WOODLAND, Nov. 24.—Fifteen women guests in the home of Mrs. Lucia White, 2001 the avenue, were rushed out to join firemen in battling flames that started in the house. All the women joined in the fight, and many of them saved practically everything of value. After the fire had been put out the guests resumed their party and continued the refreshments where they had left off.

ONLY WOMAN PRISONER IN ARKANSAS FREED

LITTLE ROCK, Ark., Nov. 24.—Mrs. Annie Smith, the only white woman in the Arkansas penitentiary, has been pardoned by Governor Hayes. Mrs. Smith had been in the penitentiary three weeks. She was convicted of the murder of a man, who, she testified, sent her insulting notes, and was sentenced to five years' imprisonment.

CALIFORNIA WOMAN WIDOW THROUGH WAR

SAN FRANCISCO, Nov. 24.—The twin sisters of mystery—life and death—knocked at the door of Leonie, a widow, in a recent gray day, bringing another tragedy of the great war. Leonie, a widow, was a native of the city of San Francisco. She was the daughter of Mrs. W. O. Mills of this city, who went to London in 1914. Her husband, Captain Gilbert Hawkins, 12 B. A. of the Sixtieth Kings Rifles, was killed in action. A few weeks after she gave birth to a son the British government sent word to the little house that Captain Hawkins had given his life "for king and country."

Cable reports of this pathetic sidelight of war were received in San Francisco. Mrs. Frederic Husey, cousin of Mrs. Hawkins, Mrs. Hawkins is also a cousin of Mrs. W. O. Mills. Her husband, a grand-daughter of Mrs. Simon Wenban.

The marriage of Captain Hawkins and the beautiful California girl took place in London October 6, 1914. Their romance began in Yokohama a year before that. They came home from the Orient together in 1915. Captain Hawkins was in the regiment and his fiancée followed him after time had assured her that her love was not merely a fancy of the Orient.

Mrs. Hawkins was installed in a cottage in London, where she has been living quietly since her marriage. She had not seen her husband for five months before his death. He was informed of his son's birth and wrote her that he would come home on leave of absence during October, but some move of the war game changed his plans and he had to give up the visit and sight of his child forever.

MRS. WILLIAM KENT TO AID SUFFRAGE

SAN FRANCISCO, Nov. 24.—Representing the National Women's party, Mrs. William Kent announced yesterday that she will be in Washington during the coming short session of Congress, in the interest of the national suffrage amendment. She says that thousands of western women who are voters have joined the party, and that she believes Congress will no longer oppose the submission of a suffrage amendment to the various states.

GIRL FREES FELON BY MARRYING HIM

SAN FRANCISCO, Nov. 24.—James H. Hamilton, a clerk who was sentenced to the county jail for passing worthless checks, left the jail yesterday upon release by Judge Griffin and went straight to the marriage license office with Miss Roma M. Dickson, 507 Bush street. They took out a license to wed, and started to hunt for a minister. Miss Dickson obtained the young man's release by telling Judge Griffin that Hamilton would marry her. Hamilton was freed on September 8, 1918. He was given an indeterminate sentence. He was paroled, but the parole was revoked July 5. Miss Dickson has been a frequent visitor at the jail.

GIRL ACCUSER WEBS; MAN IS FREED

CHICAGO, Nov. 24.—Julius Hefner, a wealthy coat manufacturer of New York, will not have to face the Mann Act charges preferred against him. Miss Hefner, who was the government witness before the grand jury, has married and she now says her testimony was not true and refuses to go on with the case, according to Michael L. Igou, assistant district attorney.

Six Girls Injured in Factory Fire

LIMA, Ohio, Nov. 24.—Six girls were injured today in a panic that resulted when the Lima Mattress Company's factory caught fire. Several of 250 girls employed there jumped from windows. Others were trampled in the mad rush for fire escapes. The interior of the factory was destroyed, but the walls of concrete stand. The loss is estimated at \$50,000.

Assistant Fire Chief Eyster was carried from the building, overcome by smoke. Another fireman is missing.

Drove Lane Horse, Charged by Officer

HAYWARD, Nov. 24.—Driving a horse with legs in such a panic that he could hobble along only on three legs is an allegation in a cruelty charge on which L. Nohria, C. Mackenzie and J. Freyner, local horse dealers, will be tried here Monday. They were arrested by Humane Officer W. H. Osborne and are out on bail. The trial will be held before Justice of the Peace Frank Mitchell in the City Hall at 3 o'clock Monday afternoon.

Beauty

There is an old saying that beauty is only skin deep, but that is far from the truth. Beauty is founded on good health, without that there is no real beauty. You can cover up a muddy, yellow complexion with face powder, but it will not be beautiful. A homely woman in good health is usually more interesting and more charming than a billowing, peptic beauty. Constipation and a sluggish liver impair good looks. You are troubled in this way take Chamberlain's Tablets and you will soon be looking better and feeling better. For sale by all druggists. Drug Stores—Advertisement.

DOCTOR MUST PAY ALIMONY ORDERED

Application for Reduction Is
Denied in Local
Court.

Superior Judge Everett J. Brown today refused to accept Dr. Samuel S. Bogie's plea of a poor medical practice and consequent poverty and instructed him to continue paying his divorced wife, Sara S. Bogie, now a resident of Berkeley, \$15 a month for the support of her and their two children. Dr. Bogie, who is living in Berkeley with her two children, Marion, 18, and John, 15, is years old. The girl is a student at Vassar College. Mrs. Bogie testified when she was awarded her divorce decree in January, 1914, that Dr. Bogie had refused to send her money when she took her daughter to the eastern college, with the result that she had to make her home in cheap lodging houses for a number of weeks. She further alleged that he refused to love her, saying that she was "uncongenial."

Flirted With Wife's Friends; Divorced

SAN FRANCISCO, Nov. 24.—Tales of a husband's affairs with other women are not particularly pleasing to the ears of a wife. Mrs. Josephine Price testified today in the hearing of her suit for divorce against W. C. Price, a wealthy wholesale dealer.

"He flirted with all my women friends and then told me of his love affairs," she declared. A divorce was granted.

Citizens May Pay Taxes at Night

For the convenience of citizens who find it difficult to visit the City Hall during regular office hours, Commissioner W. F. Edwards has arranged to have the Tax Collector's office open every evening next week until 9 o'clock, with the exception of Thursday evening. City taxes are delinquent after December 4.

Autos Cause Raise in Street Car Fares

TITUSVILLE, Pa., Nov. 24.—Because so many citizens of this city are using automobiles, the Titusville Traction Company has increased its fares from 5 to 6 cents, except to workingmen, whose fares remain at 3 cents during certain hours.

Figures Show Nation Is Growing

WASHINGTON, Nov. 24.—Population of Continental United States on January 1, 1917, will be 102,826,309, and with its outlying possessions 113,309,286, the census bureau estimates upon the increase as shown by the federal census of 1900 and 1910.

Treasury Dept. statisticians using a different method of calculation estimated the population of Continental United States as 108,002,000 on November 1.

Beckman Returns From Engineers' Meet

John W. Beckman, chemical engineer, has returned from the second annual national exposition of chemical industries and east bay cities.

Earthquake Shock Recorded in North

SEATTLE, Nov. 24.—Another far-distance earthquake was recorded on the seismograph at the University of Washington, beginning at 3:20, attaining its maximum at 3:22 and ending at 3:38. The continued shocks, says Professor Henry Landes of the department of geology, are probably due to a slipping in the earth's crust in the Aleutian islands or some other remote region.

held in New York City under the auspices of the American Electro-Chemical Society. Out of some 20,000 chemists in the United States, over 5000 were in attendance, 90 per cent of whom attended for the sole purpose of seeking new ideas in the power development field. Beckman was the guest this noon of the Kilowatt Club, of which he is an honorary member. The Pacific Coast is much talked of in the east, said Beckman, especially at the New York electrical show, where many inquiries were made by large manufacturers regarding elites in the vicinity of Oakland and east bay cities.

BERIBBONED PRIZE DOLLS DRAW MANY TO BIG CHARITY SHOW

MISS NETTIE DE GROSSARI, ONE OF THE YOUNG WOMEN WHO ARE HELPING TO MAKE SUCCESS OF DOLL SHOW FOR WEST OAKLAND HOME.

Hundreds of Gaily-Dressed China Competitors Seen

A "Just look at me! Aren't I just too beautiful" air of conscious pride seems to be worn by the beribboned first prize winning dolls at the West Oakland Home Doll Show, being held at Hotel Oakland in aid of charity. From the most gorgeously and fashionably attired to the humblest plebeian "knock-about" doll, the magic adornment of a ribbon denoting success in competition with their fellows, lends a life-like pertness to their appearance. Hundreds of admiring children and their elders are today paying homage before these peers in the doll kingdom, which are displayed to advantage on a prize doll table in the ballroom of the hotel.

The show will continue until tomorrow evening, when a dinner dance, which will be attended by hundreds of guests

of the West Oakland Home, will be given. Large parties are being arranged by prominent hostesses for the dance. Before the opening of the show yesterday afternoon the judges selected the most beautifully and artistically dressed dolls, upon which ribbons were placed. Those who dressed first prize dolls were: Mrs. J. A. Miller, Mrs. Fred Reed, Mrs. J. J. Merrill and Mrs. Frank Collier. Second prize, Miss Elizabeth Smith and Mrs. A. V. Clark; third prize, Mrs. I. A. Beretta and Miss Lou Dennison. The prize doll table is in charge of Mrs. A. V. Clark, with a corps of assistants.

Leaders in charity work who are interested in the show are: Mrs. Samuel J. Eya, Mrs. John Scofield, Mrs. Rich and B. Ayers, Mrs. L. A. Beretta, Mrs. Emil Lehnhardt, Mrs. Frank Laughrey, Mrs. J. R. Corvill, Mrs. I. A. Ewing, Mrs. O. D. Hamlin, Mrs. A. L. Harris, Mrs. Louis D. Manning, Mrs. Walter Morgan, Mrs. James Dunn, Mrs. E. J. Boyes, Mrs. Edward Beardsley, Mrs. William A. Schrock, Mrs. H. D. Howe, Mrs. Emil Fritsch, Mrs. Henry B. Mehlmann, Mrs. Abe Leach, Mrs. Landers Redman, Mrs. Walter B. Townsend, Mrs. Daniel Webster, Mrs. James Ellison, Mrs. James Gleason, Mrs. Lewis Hillborn, Miss Grace Trevor, Miss Effie Smith, Miss Lillian Gard, Miss Elizabeth Smith, Miss Lou Dennison and Miss Helen Hahn.

Too Many Temples Perplex the Gods

Mayor Rolph in Despair With Four Gifts

SAN FRANCISCO, Nov. 24.—There's such a thing as having too many buildings. At least San Francisco thinks so. Some time ago, Japan and China, having no further use for their structures at the Panama-Pacific Exposition, tendered them to Mayor Rolph for the city. Rolph wrote, thinking each nation and stating they would be carefully preserved for posterity on city property. But the exposition grounds are government property and it will cost \$20,000 to move the buildings to city parks, and there is no money available. While Mayor Rolph and others were puzzling over these troubles, the city made still greater when President C. C. Moore of the exposition tendered the Virginia building, a replica of Washington's home, on the city.

Various Forms Of Headache

"It is necessary in order to treat headache as a property to know which produce the affection," says Dr. J. W. of Stockton, Ala. Continuing, he says, "Physicians cannot even begin the treatment of a disease without knowing what cause give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. For this purpose, anti-cathartic tablets will be found most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "A-C-I-D" and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few anti-cathartic tablets to have them ready for instant use. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-cathartic tablets at all drugists.

Official Award of Destroyers Is Made

WASHINGTON, Nov. 24.—Marine Island navy yard, California, was today awarded contracts for two destroyers of the twenty authorized.

Announcement that the contract for the destroyers would be given to Marine Island was made earlier in the week and today's action is the official one. The destroyers are to cost \$1,200,000 each.

THE FOOD PROBLEM.

There is no doubt whatever about the high cost of living, gradually increasing, being a grave economic problem. It is troubling the people of every degree and standard of life, but most of all those families who have, through necessity or choice, been accustomed to spend right up to the limit of their incomes. The income being increased only in rare cases, the people are faced with the necessity of cutting down substantially the luxuries and necessities of life, or with debt.

No sure remedy has been offered for the situation, although many have been suggested. Alameda county women have formed a league to deal with the matter, and at present are talking about two plans. One is to petition the President to cause an embargo against the export of certain foodstuffs to be enacted and the other is economy on the part of the housewife.

An embargo would be a severe measure, if it should prove practicable. There is abundant doubt that the volume of foodstuffs exported has been great enough really to justify the increases in prices which have been made in the name of exports. Organization among the market manipulators of all commodities has been brought to an unprecedented state of efficiency since the war started; the foreign demand for food supplies has been so steady and certain that more operators than ever before have been venturesome enough to buy future supplies and join in "cornering" efforts. They have been able to make the home consumer pay just as big a price for what he needed as the belligerent countries of Europe were willing to pay for what they had to have.

Local retailers are blameless, and, indeed, powerless under this profit-taking system of the big market operators. They must pay the producer just as much as he can get from the speculator. Whether an embargo would entirely remove this evil is extremely doubtful, although it might alleviate it to a degree. THE TRIBUNE has previously pointed out that the maintenance of fictitious prices on food necessities was an open invitation for government regulation. All the warring governments of Europe have found it necessary to fix a legal limit of prices on daily staples of food. While sumptuary laws are greatly to be dreaded—we are already much over-regulated—the government may have no alternative but to protect the consumer. If this comes to pass, the speculators in food products will be most blameworthy.

As between an embargo and price-fixing regulation, the first is preferable. In this connection it is noteworthy that an actual shortage in some articles of food exists—in the nation's harvest season. There is a scarcity of beans, the poor man's reliance; of canned goods, relishes, condensed milk, and other products.

Another phase of the situation which the newly-formed woman's league can do much to correct is lack of economy and personal attention on the part of the housewife. There is less truth about her extravagance than government and newspaper accusations indicate, but there is plenty of room for improvement. She can cut down the gross household expenses by using her imagination in the creation of new and cheaper dishes and by preventing waste. For instance, a lot more fish could be utilized than at present, many more dishes could be fabricated from fresh fruit and fresh vegetables and home bread making would help. This part of the cost-reducing program could and should be inaugurated at once.

There are many causes for the high cost of living, and as many processes are necessary for its solution. The first appropriate step is for the people to realize that the situation is actual, not psychological, and must be met with practical methods.

JACK LONDON.

The passing of Jack London has brought a sharp sense of loss to thousands of readers whose demand for his work has stamped him as that peculiarly American product—a "best seller." The term was invented in the United States, and London was one of the authors whose phenomenal sales called it into existence. Whatever the ultimate judgment of time may be on his place in the literary Pantheon, his popularity must be taken into account as an important factor. And whatever glory may attach to his name will add lustre to California, his native State, and the land in all the world he loved the best.

Primarily, London's rank as a craftsman in words must be based on the fact that he was a "self-made" writer. He inherited no literary traditions, absorbed no cultural atmosphere and received no formal training in the art of fiction. His boyhood and adolescence were marked by alternations of omnivorous and unguided reading and adventurous wanderings. In him two impulses were at war: the love of books and the quest for the thrill of life. It

was his wanderlust that took him to the Klondyke, where he found his first inspiration for creative work.

An examination of London's published output will reveal that he was to the last swayed by the two divergent impulses. He loved life in the rough, reveled in the contest between human brawn and the forces of nature, found delight in the mere fact of physical existence. On the other hand, he had an immense respect for the printed word. Literature to him was an arcanum; there was ever an inner mystery that evaded his seeking. This is shown not only in his autobiographical novel, "Martin Eden," but in subsequent books in which he sought to attain the "literary" manner.

There is every evidence that London's first writing was spontaneous and free from self-consciousness. As he developed, however, his reverence for literature as literature, disguised as it was beneath socialistic contempt for the aristocratic, led him into ways that were not his. He was not content to portray wholly the life of man, as a thinking animal, but he must needs try to depict the thinking soul enmeshed in the flesh. He, who was an admirable narrator of adventure, tried to be a psychological analyst. The results were books that left one class of his readers rather bewildered and made others express regret at the misdirected talent.

London's untimely death cut short a career that was yet in the making. Twenty years more of productivity might have developed a stability of style and a greater richness of content in thought. He was still striving for a form that would adequately express himself.

DIPLOMATIC SUPPORT FOR LOAN.

Negotiation of the loan of \$5,000,000 made by Chicago bankers to the Chinese government has drawn a significant expression of policy from the State Department. In reply to a request from the bankers for information regarding the attitude of the United States government toward this transaction, Secretary Lansing wrote as follows:

I have read the contract between yourselves and the Republic of China with reference to a loan of \$5,000,000 for a period of three years, and I have to say in reply to your oral request for a statement of the policy of this department respecting such loans that the Department of State is always gratified to see the Republic of China receive financial assistance from the citizens of the United States, and that it is the policy of the department, now as in the past, to give all proper diplomatic support and protection to the legitimate enterprises abroad of American citizens. This promise of "all proper diplomatic support" is a complete reversal of the policy adopted by Mr. Bryan when he became the head of the State Department at the beginning of the present administration, and is the first official notice that the Bryan-Wilson repudiation of so-called "dollar diplomacy" has been recalled. The Lansing policy is, of course, the correct one. American business or financial enterprise cannot be carried on in foreign countries unless those engaged in it receive the support and protection of their government in legitimate transactions. Mr. Lansing's assurance should be backed up by the government.

ANOTHER ADVANCE.

Opening of the new T. & D. theater in Oakland marks a progressive step in the same manner as does the building of new shipyards and other new industrial establishments. It has brought a new distinction to the city. This theater is the largest moving-picture playhouse in the Far West, seating nearly 4000 persons. It is unexcelled as regards perfect equipment and arrangement.

Oakland is happy over its possession of this magnificent auditorium for the amusement and recreation of the people; it showed its gratitude at the opening Wednesday evening, when several thousand people stood in the street before the entrance, unable to gain admittance. The builders of this theater also have an abiding faith in the future of Oakland.

Mr. William J. Bryan is now in New York sitting for his portrait, which is being painted, especially to hang in the chambers of the State Department at Washington. Just what pose Mr. Bryan has chosen to perpetuate for the benefit of posterity has not been disclosed. He might stand with a peace treaty in hand, or sit in an improvised study reading a Chautauqua program, or assume a dozen other familiar attitudes. The world can only hope that the portrait will be a study in still life and not a speaking likeness of Mr. Bryan.

WHY?—WITH LOYALTY.

(New York Sun.)

We are justified in assuming from the order of the War Department returning to their homes the National Guardsmen who have been in service in Texas that the conditions which led to the concentration of troops on the frontier no longer exist.

The crisis, whatever it was, must be over, or the soldiers would not be sent back to seek for employment, re-establish their homes and reinstate themselves in civil life.

Under these gratifying circumstances it cannot be impertinent, impudent or disloyal to ask why the National Guard was sent to the Mexican border. Since the first day of mobilization, through the discomforts and hardships of their service, none of the men and none of the dependents they left behind them has been able to discover the reason for their sudden summons to the colors, or for their continued retention in the Federal establishment.

A suppression of natural curiosity springing from exemplary patriotic motives has accompanied this extraordinary military adventure. There has been no desire to embarrass or to hamper the authorities in their measures for the protection of the nation. Now that the emergency is past, and the need for silence is admittedly non-existent, the Administration may expect to be asked why it called out the troops; and its answer will be awaited with grave interest.

STUDENTS MAKE A UNIVERSITY.

(Philadelphia Inquirer.)

We have heard a good deal in the last few days about the troubles with our educational institutions. Some think they are too rich, some think that they are ruled by ignoble interests, by men who are intellectually bound, and others say we should change our system for that of Germany.

All this discussion seems rather puerile. There are only two things which make a college or university—teachers and students. Any school in the world can be of the best if the student wishes it. No equipment, however large, is of any value where the student is not minded to work hard. First and last, any student gets out of college life just as much as he puts into it. The trouble is that in these days too few young men are minded to put much into their college life.

NOTES and COMMENT

The Brooklyn Eagle's idea of it: "Hiram was King of Tyre, but a greater man is California's Hiram—he is there with the puncture."

The Redding Searchlight points an observation thus: "Neither beauty, grace nor charm is absolutely essential. The dull pickles has many friends."

An invader from the Marysville Appeal: "We hope no general religious revival is held in Marysville before next summer. Somebody must weigh the coal."

The Redding Searchlight doubts whether it can be done: "Bryan can't force the Democratic party to ride the camel. Not with Col. Henry Waterson a member. No, suh, no!"

Miss Rankin of Montana, the first woman to be elected to Congress, is right in the spotlight. A tooth paste company wants to photograph her teeth and is willing to pay \$5000 for the picture.

There is no objection to a member of the Dalton gang experiencing religion, but the moral regeneration should not be held to give him a status superior to that of the person who had it all along.

Duck stew in Marysville, according to the Appeal: "Four saloons in Marysville Saturday night gave free duck stews. And there were plenty of ducks in the stew, too. We say this in a spirit of boast."

Marysville continues to furnish its quota of incidents. Thirty-five rattlesnakes were rounded up in one movement in that immediate vicinity—with everybody concerned cold sober, so far as can be learned from the account.

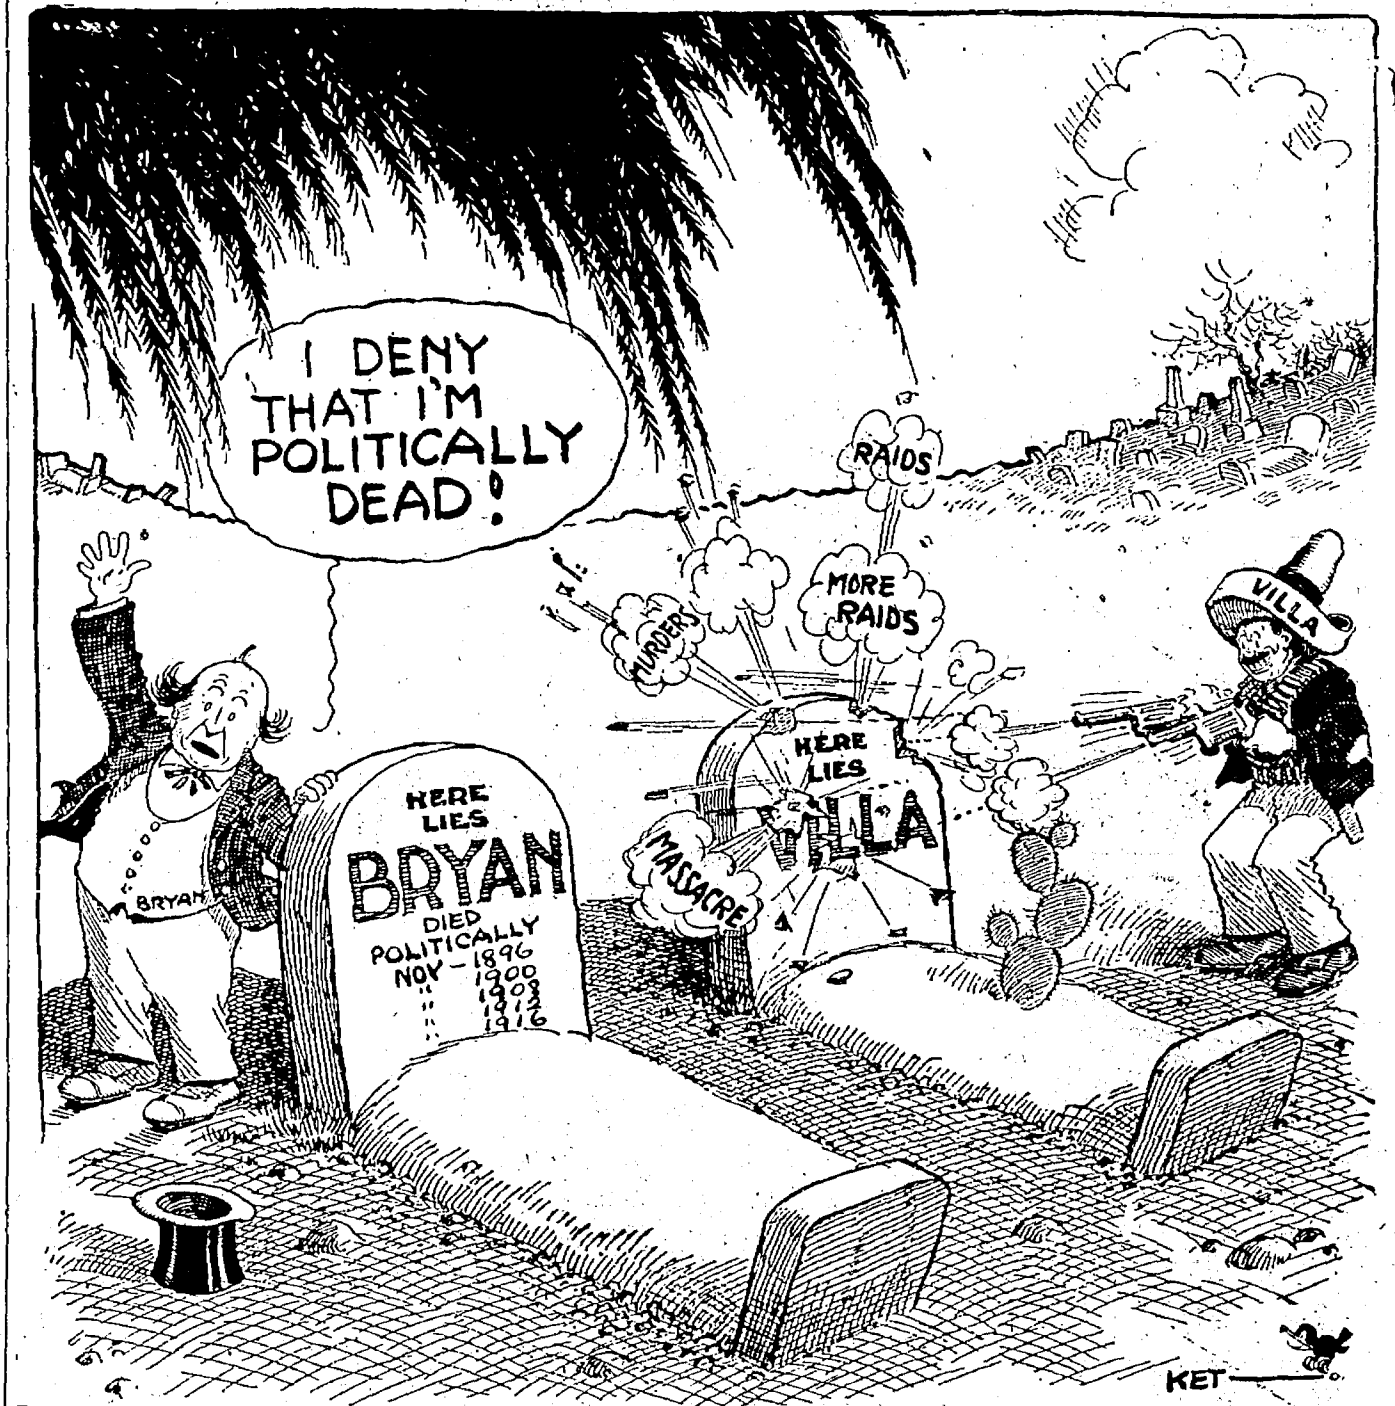

This, from the Colusa Sun, indicates that it is worse than has generally been supposed: "There will be a cry, like Belgium's cry for food, in our bright and happy land in a very short time if nothing is done to check the coming of hunger in the United States."

Fable from the Chico Enterprise: "Once upon a time a pianist after getting through his repertoire, asked ye audience to mention their favorite piece. He said he'd play it, and they did, and he did, and not one of them mentioned Silver Threads Amongst Ye Gold or 'Ye Rosary.'"

Dire effects of Democratic victory already noted by the Santa Ana Blade: "The editor is just getting over the worst cold he has had in years. We had no such affliction during the Republican times, and we have half a notion the Democratic party is responsible for it."

The Stockton Mail has encountered that rare avis, the person who gets off the line when you want to talk: "There are so many people fussing about telephone barnacles, the parties who get a line and stick to it for half an hour, that it's a pleasure to record being on a line with one who is considerate enough to say, 'Goodbye, I think some one is trying to get this line.'"

Secretary Baker Might Have Made This Comparison.

CHURCH MAY FIGHT PLAN FOR MERGER

East Oakland Congregation Members Object to Comprehensive Plan Proposed to Join Congregations for Work

Services Separate, But Management and Institutions by Central Body Suggested, Opponents Fear Consolidation

Despite opposition from members of the Pilgrim Congregational church, Eleventh avenue, between East Fifteenth and East Sixteenth streets, negotiations are on between committees of this congregation and similar bodies representing the First Congregational church, Twelfth and Clay streets, and the Myrtle-street church, at 1430 Myrtle street, for a federation, to successfully carry on extensive church work in all three parishes.

Some of the church members of the East Oakland parish freely declare they are opposed to any federation for fear that it will mean eventual merging with the central Oakland congregation, financially and in terms of membership. The desire to remain entirely independent of the Twelfth-street church and to preclude possible future attempts at combination are said to be at the bottom of the opposition's efforts to discourage a federation. Many of the church members believe that a federation may eventually result in attempted merger of all interests instead of the few now mentioned as a reason for combination.

NO FINAL ACTION.
No final action has been taken by any of the congregations, as yet. Committees have been holding frequent meetings, but negotiations are incomplete at this time, and church members involved would be ready for a vote by the three organizations.

The federation calls for complete co-operation as to church work, pastors feeling that with one congregation in the center of Oakland, one in the eastern portion and one in the western portion working together, efficiency will result. The work which may be accomplished by the three congregations in the future includes parish work, the social side of the church, club movements, which church pastors claim gain efficiency through a combination of interests.

EFFICIENCY IS OBJECT.
"No merger of the congregations is contemplated," said Rev. E. B. Couts of the Pilgrim Congregational church, "the move for the federation consisting of a desire to make for efficient parish and social work, at present carried on in a haphazard manner. Committees will probably arrive at a final stage in the negotiations within a few weeks." Dr. Couts denied that there was extensive opposition in his congregation.

COMMITTEES TO LABOR FOR PETITIONS

Whole State Responds to the Call of Humanity and Thousands Sign Plea to President Wilson Asking Rulers to Halt

Chairman of the twenty-seven Alameda county sub-committees representing the American Neutral Conference Committee in its nation-wide move for European peace, met today for an executive session at the district headquarters, 421 Thirteenth street. Questions of organization and petition distribution came up for lengthy discussion, following which efforts were made to complete all necessary plans for the efficient gathering of the 150,000 signatures to be forwarded to Washington as part of California's "big" element in county professional and club life have been utilized for the carrying forth of the peace work, representatives from communities and institutions within these communities laboring for the national cause. Thousands of signatures have come into the headquarters already, and the great number of petitions signed have caused a delay in the work of several hours through inability of the printers to keep up the supply.

TOWNS REPRESENTED.
Hayward and San Leandro are well represented in the executive directory and committees in those cities are gathering hundreds of names for the California register. Officials were optimistic this morning, and from early showing believe that the 150,000 name ideal would be reached by the time the campaign ended a few days before the holiday season.

Charles E. Snook, chairman of the Oakland and county committee, in charge of today's meeting at district headquarters and brought to the attention of the assembled members problems to be faced in the campaign's progress. Questions of distribution and overlapping territory were discussed by the chairman.

Other communities in California are answering the call to peace with a vim. Not only has San Francisco begun in earnest the distribution of petitions and securing of signatures, but San Jose, Fresno, Bakersfield and Sacramento among the municipalities to be represented.

Members of the local executive committee, together with the "territory" they represent are as follows:

Mrs. William Angus, chairman for Hayward; L. B. Avery, chairman for school departments; Frederick Bamford, chairman for libraries; Hon. Frank Bartlett, chairman for Alameda; E. Bradlee, chairman for finance; Clifton Brooks, chairman for Native Sons; Miss Matilda Brown, chairman for women's committees; Mrs. D. C. Coalter, chairman for civic centers; Ezra Decoto, chairman for fraternal orders; Mrs. E. B. Delmona, chairman for Federation of Mothers Clubs; John Frazier, chairman for Y. M. C. A.; Dr. Susan Fenton, chairman for public welfare; Miss Grace Fisher, chairman for Y. W. C. A.; Mrs. H. R. Atfield, chairman for Berkeley; Mrs. A. Schless, chairman for Federation of Women's Clubs; Mrs. Thomas Hogan, chairman for Catholic associations; Mrs. Morris Falk, chairman for Jewish associations; Mrs. Edgar Omsby, chairman for independent committees; Miss Minnie Bunker, chairman for independent committees; Sam Donohue, chairman for Building Trades Council and Central Union Council; Dr. C. H. Miller, chairman for San Leandro; Max W. Stern, chairman for publicity; J. Stitt Wilson, chairman for Berkeley; Arthur Tashelra, chairman for banks; Rev. Francis Van Horn, Rev. Clifton Mason, chairman for churches; Dr. Edward von Adelung, chairman for doctors and dentists.

Civil War Veteran Found Dead in Bed

LIVERMORE, Nov. 24.—James Madison Doty, a member of the Grand Army of the Republic and a resident here for thirty-three years, was found dead in his bed last night by his wife in his home on East avenue. Heart failure was given as the cause of death.

Doty was born in 1844 in Ashton, Ill. He was a leader in the work of the Presbyterian church here for many years. Surviving him are a family consisting of Mrs. Lillian Sax of San Francisco, Mrs. Jessie Arnold of Oxford and Lewis M. Doty of San Francisco. He had two brothers, E. Doty, of Turlock, and a sister, Mrs. Helen Buell.

FEAST IS PLANNED FOR INFIRMARY

Campaign to Raise Fund to Give Christmas Tree to the Inmates of County Hospital Opened at Hotel Oakland

Every Man, Woman and Child Charge of Community to Enjoy Day on Which Man of Men Was Born 1916 Years Ago in Low Manger.

The campaign to raise funds for a Christmas tree and Christmas presents for the inmates of the county infirmary will be launched this afternoon at a meeting to be held at the Hotel Oakland. The conference will be attended by members of the Board of Supervisors, mayors and councilmen of the east bay cities, club women, social workers and representatives of the civic and commercial organizations.

The meeting has been called by the committee in charge of the Christmas celebration at the infirmary. It is planned to entertain the men and women at the county hospital and home for the aged and infirm, after they have been given a big Christmas dinner by the county. The committee which has called the meeting consists of B. A. Forster, Rev. Alexander Allen, rector of St. Paul's Episcopal church; Dr. C. A. Willis, superintendent of the county infirmary, and Harry East Miller.

The Board of Supervisors has provided a turkey dinner for the inmates of the infirmary each Christmas for many years. Several hundred pounds of turkey have already been ordered and there will be an elaborate repast, including turkey, dressing, potatoes, vegetables, cranberry sauce, pies and puddings. The menu has been arranged by Dr. Willis and the infirmary chef, and special arrangements have been made to have the dinner cooked and served in the best manner possible.

Chicken Thieves Are Captured by Citizen

Hearing a disturbance in his chicken house last night, Cleveland L. Gray, of 5411 College avenue, peered from a window and discerned two shadowy forms near the chicken house. He telephoned to the Northern police station for help and then summoned a neighbor, W. J. Smith, of 5425 College avenue. While Lieutenant Bert Curless and a posse of patrolmen were on the way, Gray and Smith armed themselves with revolvers and suddenly confronted the two thieves. When the police arrived they found the two intruders standing with hands above their heads, while sack containing four chickens lay at their feet. The prisoners were Daniel Briggs, known to the police as a petty offender, and George Anderson, who also has a police record.

Maybe It Was Cane: Martinez But, Whatever It Was, Artist Was Fined \$35

Excusable, huh? And the cane of Xavier Martinez, painter and leader of the Piedmont art colony, wielded, rapier-fashion, ripped through a painting that offended his eye—but, no, it was no painting after all, but the canvas hood of the automobile of J. J. La Belle that was thus ignominiously pierced.

Martinez, hailed before Judge Burtheall of Piedmont today to receive sentence for shooting off a revolver, was fined \$35 for that offense, despite his explanation that to the best of his recollection he poked his cane through the La Belle machine, as he might have treated an offending canvas, and did not fire his revolver.

Martinez, who was tried and found guilty of the firearms charge Wednesday, came up today for sentencing. He explained to Judge Burtheall that he did not remember clearly the automobile shooting incident near his home toward midnight, November 11. He related he might have made a pass at the car with his cane, but denied shooting at the machine with his revolver.

Attorney Robert M. Royce, appearing for Martinez, asked that he be treated leniently. "You are a freer man today than you might have been had there been people in that automobile," Judge Burtheall said to the artist, who promised he would not carry firearms about with him in future.

Explosion Fires Planing Mill; \$10,000 Loss

Following an explosion in the rear of the Magnolia-street planing mill, 362 Magnolia street, flames broke out and completely destroyed the building, entailing a loss of \$10,000. Partial insurance was held by the owners.

The blaze was spectacular and thousands of people from every part of the city were attracted to the vicinity of Fourth and Magnolia streets, where the department battled for an hour with the conflagration. An alarm at 5:30 o'clock this morning brought the department back to the scene of the first blaze. Sparks had ignited unburned portions of the mill and the flames were of extreme intensity by the time the firemen returned. A few minutes' work rendered the blaze harmless.

Although the original fire threatened large factories and storeshouses in the vicinity, prompt work on the part of the department kept down the loss to a minimum. For a time it was thought that the Western box factory, Fifth street, near the flames, would catch from shooting sparks. The Southern Pacific freight sheds across the Scott, Magnier, Miller storehouse, with its valuable contents of hay and grain, were also threatened in turn, but concerted action prevented its spread. Three alarms were sent into central headquarters and all available apparatus in the city answered the emergency call.

Cottages on either side of the mill building were badly damaged by smoke and water. Will Diggin and Patrolman J. H. Libby discovered the blaze and turned in separate alarms. According to C. W. Lannon, one of the mill owners, the establishment was worth \$8000, partially covered by insurance.

BREED OUT FOR SPEAKER OF SENATE

Young After Assembly Gavel, Without Serious Opposition; Two Former Legislative Attaches Not After Old Places

By ASSOCIATED PRESS.
SACRAMENTO, Nov. 24.—Of three candidates known to be in the field for the office of president pro tem of the Senate during the coming session of the legislature, Senator A. H. Freed of Oakland is conceded by state officials to have the best chance at present. The other known aspirants are Senator F. H. Benson of San Jose and Senator E. J. Tyrrell of Oakland. Senator Breed called upon Governor Hiram W. Johnson yesterday and it is understood the question was discussed.

For speaker of the Assembly, no opposition has developed against C. C. Young of Berkeley, who has held the position during the past two sessions.

It is probable that neither Edwin F. Smith, former secretary of the Senate, nor L. B. Mallory, chief clerk of the Assembly at the last session, will enter the list for reappointment. Both hold state positions at present. Clifton E. Brooks of Oakland and J. W. Kavanaugh of Vallejo are mentioned as candidates for the secretaryship of the Senate and Noy Haslett of San Francisco, J. O. Westwood of San Jose and Moses Stern of San Francisco are expected to try for positions of chief clerk in the lower house.

Old Hat Looted; Yields Gold Coin

Mrs. James R. Coffey, 1659 Eighty-fifth avenue, thought that an old hat, carelessly tossed on a shelf, in the kitchen, would be a safe hiding place for money. Last evening when she returned home she found that a burglar had been cunning enough to examine even that unlikely cache. She reported to the police that her loss amounted to \$10 in currency and \$5 in gold. She said that she was in the habit of leaving the back door unlocked in order that her daughter might get into the house on her return from school.

Club Steward to Identify Suspect

CHICAGO, Nov. 24.—Positive identification of the man held at Spaulding, Neb., on suspicion that he is Jean Cranes, wanted in connection with the poisoning of 200 cubs of the University club at a dinner given Archbishop Mundelein last winter, must await the arrival at Spaulding of A. J. Brissette, steward of the club, the police said today.

Nine Are Injured in Accident on Elevated

NEW YORK, Nov. 24.—Nine persons were injured, none of them seriously, when a southbound local train on the Third-avenue elevated railway jumped a switch at One Hundred and Twenty-ninth street and Third avenue in the rush hour early today. Only one car left the rails, but the crash frightened others on the train and a panic, in which several persons were crushed, resulted. Most of the injuries were sustained in the jam at the gates and the doors.

Why Roman Meal Is Superior To Other Foods

It is a complete food. Every ingredient required by the body for perfect health must come from food. There is not one essential food element missing in Roman Meal; all are present in proper proportion. Roman Meal is thus a "balanced ration." This accounts for the sense of "wellness" following use of

Dr. Jackson's

Roman Meal

It is superior because:

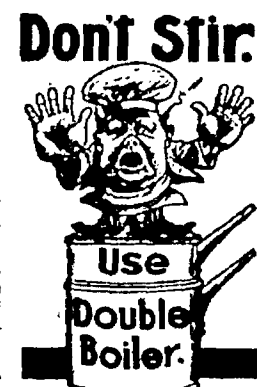

First—It is the only balanced ration sold in package form being composed of wheat, rye, bran and flaxseed—the latter rendered odorless and tasteless by electricity.

Second—Our digestive canal was developed into a forty-foot tube of muscles because our ancestors lived upon food with more waste than nutrition, considered by bulk. This waste was largely grain waste. Without plenty of waste the digestive canal does not function properly, and constipation results. Roman Meal contains exactly the right amount of waste. Over-milled and over-refined foods contain none.

Third—Roman Meal contains 25% flaxseed. Flax is three times as nourishing as wheat, rye or oats. Therefore Roman Meal not only has the correct amount of waste, but it is very nourishing as well. Flax heals the irrita-

tion caused by bran, and prevents intestinal catarrh often resulting from bran used alone, or when mixed with white flour or refined cereals. Roman Meal relieves constipation or "money back."

Fourth—The excessive quantity of starch in white flour and refined cereals ferments and produces vegetable acids. These are absorbed into the blood, turning it acid. This acidity happens because the soluble alkalis which Nature provided in the dark parts of the grain to prevent this absorption are milled out and thrown away. Roman Meal contains the necessary amount of soluble alkalis to keep the blood non-acid.

Acid blood produced by the refined cereals induces disease in the organs. The alkalis in Roman Meal keep the blood fluid and "cool." Try Roman Meal. Get it at your grocer's. Do not stir Roman Meal porridge except when mixing meal and water.

ROADS NEED BILLION MORE EACH YEAR

Federal Regulation Instead of State in Order to Attract the Investors, Is Suggestion of Counsel Before Probe Body

WASHINGTON, Nov. 24.—Railroads will need \$1,250,000,000 additional capital annually for the next ten or twelve years to increase their facilities to handle the country's growing commerce, Alfred P. Thom, counsel for the railway executives' advisory committee, told the congressional railroad investigating committee today, continuing his statement on behalf of the railroads begun yesterday. About \$250,000,000 a year additional will be required, he said, to refund maturing indebtedness.

To attract investors Thom suggested that federal regulation should replace the present system of authority divided between the states and the central government. Referring to need of additional railroad facilities Thom said:

It has been found that the wealth of the country has been increasing at the rate of 3 or 4 per cent a year and the same ratio of increase has held good as to demand for transportation. As forces which have affected growth and development of the past and present may reasonably be expected to continue for the next ten or fifteen years, investment in railroad facilities to meet large requirements of the future must consequently grow at a corresponding annual rate of increase. The estimate of \$1,250,000,000 for additional transportation facilities includes nothing for extensions into new territory. Where is this money or any sum approximating it to come from? This problem is one of vital interest to the public because of its successful solution depends the commercial facilities of the country. Would it do to confront the investor, when asking for this great investment, with a situation where revenues of the railroads are not subject to the control of investors, but are fixed and limited not only by governmental authority, but by many un-coordinated state authorities in no way responsible to each other and where railroads cannot control and the government cannot and does not limit the expense account?

Firing Squad Kills 3 Women

Carranza Commander Orders Execution

ARMY HEADQUARTERS OF THE PUNITIVE EXPEDITION IN MEXICO, via radio to Columbus N. M., Nov. 24.—Three Mexican women were executed by firing squads yesterday at El Valle, on the ostensible charge, preferred by Carranza adherents, that they had attempted to kill Colonel Gonzales Diaz, commander of the Carranza garrison at El Valle. Papers were said to have been found on the women incriminating them.

Those executed were Margarita Acosta, her sister, Maria Castilla, and Maria Reis, her servant. The triple execution was held at sunset yesterday. The women faced the rifles without flinching. This is the first time a trio of women has been executed in this part of Mexico.

TEST OF EMANUEL MOVEMENT IS ON

Doctors and Ministers Look Horns in Court Battle for Rule.

A test case to determine the extent to which the Emanuel movement may enter the field of healing without conflicting with state laws, is determined upon today by the Superior court in the case of Emanuel, a physician who is fostering the growth of the movement in the state. When Rev. Parker P. Boyd, ordained Episcopal minister, was held to answer for practicing medicine without a license, the first gun was fired between the Board of Medical Examiners and the Emanuelists was fired.

"Color Blind" Boys Hitch Up Wrong Horse

Assisted by Deputy Sheriff Joseph Soares, Mrs. Peter Johnson of Hayward is looking for the small boy, who yesterday disappeared with her fat, sleek bay horse, leaving in her stable a decrepit gray beast answering in description to the famous "Coke" who figures so prominently in "Mrs. Wiggs of the Cabbage Patch."

Movie Masher Is Hit by Victim

SAN FRANCISCO, Nov. 24.—The darkness which shrouded the interior of a movie theater at Third and Market streets this morning was sufficient for a masher, but was not too penetrating to prevent his victim from seeing her mark when she resented his attentions with a well-directed blow. Mrs. Isabella Behrmann of 37 Franklin street, with her young daughter, was watching the pictures when she says William Thomas, an elevator operator, edged close to her and began insulting her. She made him right swing and he made for the aisle and ran. A patrolman collared him at the entrance and he was before Judge O'Connell to explain later in the morning. He denied his guilt, but the court was so impressed with Mrs. Behrmann's story that he raised Thomas' bail to \$1000 and continued the hearing.

Chief Orders Raid on Chinese Lottery

Demonstration that the lid is tightly clamped on Chinese lotteries in Oakland was made last night when the chief of police, Walter J. Daylight Saving to Be Subject of Report

NEW YORK, Nov. 24.—The state department has instructed American ambassadors in England, France and Germany to investigate the practical side of the daylight saving system which was in operation in those countries during the summer, according to information received by Marcus M. Marks, president of Manhattan borough, who is heading a movement to inaugurate daylight saving in the United States next spring. Mr. Marks said he had received word also that Samuel Gompers has appointed a committee to study the problem on behalf of the American Federation of Labor and the commercial chambers in a number of cities have endorsed the plan.

VOLUNTEERS TEST LOW-PRICED DIET

Dozen Health Employees of Chicago to Live on 25 Cents a Day.

CHICAGO, Nov. 24.—A novel scheme, whereby he expects to feed six men and six women for about 25 cents a day, has been started by Health Commissioner John D. Robertson of this city to prove his theory that the people of Chicago, who are victims of the high cost of living, can live cheaper if they only know how to go about it. To carry out his plan, Dr. Robertson selected from a group of volunteers twelve men and women, employees of his department, to undergo a diet test.

Each of the twelve was warned that certain hardships and strict rules and regulations must be adhered to, and that the usual alcohol and stimulants were absolutely forbidden during the test. So enthusiastic are these gastronomic martyrs that neither this information nor the fact that they must forego their Thanksgiving dinner has swayed them from their purpose.

Preparation of the meals for the squad are in charge of Mrs. E. A. Kemp of the School of Domestic Arts and Sciences; Mrs. Anna Johnson, dietitian of the Municipal Tuberculosis Sanatorium; and Miss N. Y. Radnoch of the American School of Home Economics. Mrs. Aldine C. Coulter of the Women's City Club, Sol Westfield of the Retail Grocers' Association and August G. W. president of the Cook County Truck Gardeners' and Farmers' Association.

Harpist to Aid in Church Music

Miss Zhay Clark, the harpist, whose work at the Panama-Pacific Exposition aroused much interest, will assist the choir at Plymouth Congregational Church under the direction of Alexander Stewart in a program of church music of unusual character, to be given next Sunday evening, November 26. The program will include: Mrs. Edna Fischer, harp; William Carruth, organist; and a quartet of voices, Miss Vinnie Dreyer and Miss Faith Van Horn, will also assist the chorus of thirty voices in the following numbers: "My Heart Is Fixed on Thee," Whiting Jubilate, Amen; "Max Bruch O Divine Redeemer," Gounod; "Agnus Dei," H. B. Stovel; "Meditation," Beach-Gounod; "The Snow," Edward; "O Be Joyful to the Lord," Cesar Franck.

Boy Dies From Injury Suffered in Accident

Elmer Murray, eight-year-old son of Mr. and Mrs. P. A. Murray of 2338 Twenty-sixth avenue, died at 3:30 o'clock this morning in Fabiola Hospital from injuries received last Tuesday afternoon when he was struck by an automobile on East Twentieth street, near the Intermediate School. The boy was riding home from school on a bicycle when the accident occurred. He suffered a fracture of the leg and internal injuries. Death was caused by blood poisoning from the broken bone.

SAVE YOUR HAIR AND BEAUTIFY IT WITH 'DANDERINE'

Spend 25 Cents! Dandruff Disappears and Hair Stops Coming Out.

Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flail, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine. Apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. It eventually—why not now?—Advertisement.

Let him sniff

IT'S no easy task to buy the food for a family—to suit both their tastes and their income, and still keep variety in their meals. Seems to us that husbands might appreciate this more than they do.

For instance, suppose you use the better kind of coffee: why not let him understand just how much trouble you took to find it? Bring out the tin some evening; let him notice the even grind and sniff the aroma. Tell him how many coffees of all kinds you have experimented with. Show him the vacuum-sealed tin, and how it keeps the flavor as fresh and rich as when the coffee was roasted—which nothing else could do.

Finally, explain the economy: this coffee, protected in these tins, is invariably so rich in flavor that you use quite considerably less for a cup.

Toads Are Sought To Save Cattle

Government Is Asked to Aid Guam

WASHINGTON, Nov. 24.—Common toads are wanted by the governor of Guam and Captain Roy C. Smith, U. S. N., in an effort to eradicate a deadly disease prevalent among cattle of the island possession. Toads with ravenous appetites and particularly fond of snails are especially preferred, as, the captain says, snails are responsible for the disease.

Captain Smith appealed to the navy department, urging an immediate shipment of toads to be sent him. Navy department officials confess they are unable to comply and will forward the request to the department of agriculture.

Muir Woods Hotel Man Has Disappeared

SAN RAFAEL, Nov. 24.—James Williams, proprietor of the Muir Woods Inn, has been missing since Monday from his place of business and Sheriff J. J. Keating of Marin county and the police of San Francisco have been asked to find him.

Williams left the inn Monday morning for San Francisco with \$65, according to his wife. He telephoned her Tuesday morning, but since that time no word has been received from him.

Society

A clever young matron remarked the other day that in the past it was the duty of the hostess to keep the party going until the guests were so tired that they would not leave. In the new future it is the duty of the hostess to keep the party going until the guests are so tired that they will not leave.

The party given at the Hotel Oakland on Thursday evening, December 1, Mrs. Lyster Henshaw's house party, was a most enjoyable affair. The party was held on Thursday evening, December 1, and was a most enjoyable affair.

The late year with a number of important weddings, many of which are of particular significance to the older settlers in California, will be seen in the list of marriages which follows.

On Thursday, the 17th, the marriage of Miss Leslie Miller and Kenneth Moore is to be celebrated in New York. It touches the lives of two families of such distinction as that of the Crocker and the Crocker.

The bride's mother was formerly Miss Harriet Crocker. The Alexander family have been as prominently identified with the development of the West, and the young daughters in the family are the center of a very smart set.

The bridegroom-elect is the son of the late Senator Nelson A. Rockefeller, Jr., and Mrs. M. M. Edgell of New York.

Because of her close connection with many of the socially prominent families on this side of the bay and her own genius for popularity, the younger set of the wedding of Miss Leslie Miller and Kenneth Moore is of more than ordinary interest.

In the large bride party will be Mrs. Bernard Ford as matron of honor with Helen Keeney, Miss Gertrude Hopkins, Miss Beatrice Nickel, Miss Amelia McNear, Miss Helen Garrett, Miss Nora Miller, George Bowles, Walter Hush, Frederick Van Sicken, Bernard Ford, Stanford Gwin, Ashfield Stowe, and Robert Miller will be the ushers. Duval Moore will assist his brother as best man.

There is a continual changing among the smart set whom we were wont to find in the old-fashioned places, just before the holidays Mrs. W. S. Goodfellow expects to take possession of her handsome new Clarendon residence. For many years the Goodfellow family made their home at Fifth avenue and East Ninth street.

A charming social life and it will indeed seem strange to find them in the new district. Following Thanksgiving are also planning an exodus to a new home, which is located in the Lakeview section.

The largest reception of the morning will be that at which Mrs. James L. de Fromery will receive in honor of her son's bride, Mrs. Adolph de Fromery, the former Miss Janet Torrey, daughter of Leon de Fromery, formerly Miss Edith Goodfellow.

Mrs. Adolph de Fromery has come from Borden, Sacramento, where since her marriage of last year she and her husband have been making their home, and is for some time a guest at her mother's, Mrs. J. M. Torrey, in Berkeley.

Mrs. A. J. Snyder is opening her Linda Vista residence tomorrow to a most interesting group of women who compose the personnel of the Snell Seminary Alumnae. It will be a happy planned afternoon which will bring a large number of old school fellows together in one of their occasional reunions.

Mrs. Stanley Walton will be a tea hostess of Sunday, claiming a number of the friends of the late Mrs. L. de Fromery.

'LET CAL DO IT,'
IS BIG SLOGAN

**Ewing and Baum Home With
Plenty of Work Cut Out
for Them.**

Expressing little concern over the threats of David Fultz, President of the Players' Fraternity—J. Cal Ewing, head of the Central National League and Coast League executive, are back in Oakland after attending the Minor Leagues Convention in New Orleans. Many players in the Coast League are members of the Fraternity, and those few are reportedly not satisfied with their treatment at the hands of the club management. The fight of the minors for representation in the national commission and for the modification of the rules of baseball affects the Class AA leagues, has been left for Ewing and Baum to wage now after the two major leagues at their annual conventions.

LEAFAL DO—Ewing L. Baugh, chairman of a committee that will seek to have the American and National Leagues agree to a measure that will provide for a measure, replace the National Commission. The minors want a new commission that will provide representation from each of the four major leagues and the minors and an outsider, giving this jurisdiction in the way of handling any matter which the minors are concerned.

Ewing L. Baugh has been named as the chairman of the committee. He will seek to eliminate the draft so far as the AA leagues are concerned; to make the minors more professional; to have players not sufficiently seasoned for big league use and to drop the requirement

ON TO SALT LAKE.

The Coast League meeting has not been definitely fixed, but will convene either December 5 or 8 at Salt Lake City, and the delegates will likely be in session for three days.

After that, Briggs and Baum will rush to Chicago, where Ban Johnson has promised to convene his American League, on December 12 to give the minor representatives a hearing and permit them to move to New York the day following.

to face the Nationals. Del Howard, manager of the Oaks, is reported to have stopped off in Illinois to see some relatives, but the general belief here is that Del wants to have a confidential chat with Joe Tinker over Rowdy Elliott and some other good backstop. Howard is reported well satisfied with his agreement with the Brooklyn club which was ratified at the convention.

Alpine Hiking Club Plans Outing

The California Alpine club hikers will journey to Lake San Andreas Piarcoitos next Sunday, November 26, 1916. This year's excursion is to Lake San Marcos county particularly noted for the beauty of its verdant hills and picturesque lakes. A cordial invitation is extended to all those interested. Following is the schedule:

Take 8 a. m. car at Fifth and Market streets, San Francisco, to Millbrae. Walk to road to Lake San Andreas and Piarcoitos. Hike via same to Lake San Sawyer's Camp, thence to Millbrae; 13

Yankees to Construct Biggest Ball Park

CHICAGO, Nov. 24.—News that the New York American League baseball club has laid plans to build the greatest baseball park in the country with a double decked grandstand to hold 28,000 and French architect plans to make a total capacity of 50,000 persons, was given out here by B. B. Johnson, President of the American League. He had just returned from France where he had been. The plans were fully gone over with Jacob Ruppert and Captain Huston and announced

...practically the only unsettled business was to get the grounds.

WEAVERVILLE, Nov. 24.—Attorneys for Joseph Chase of Sacramento, who is awaiting trial on the charge of murdering Joseph Rebeau and Fred Holmes at Hayfork eight years ago, have given notice that they will move for a change of venue from Trinity county.

The change of venue will be asked on the ground that it is impossible to get a fair trial in Trinity county on account of the prejudice against Chase and also on account of inflamed public opinion.

HELENA, Mont., Nov. 24.—The death of Emperor Francis Joseph of Austria deprived one prospective American from obtaining citizenship papers today. Frank Mieszok, of Wicken, Mont., appeared in court to procure final papers to become a citizen, his mother disavow allegiance to his former ruler, but as Mieszok is an Austrian, and as the United States Government has not been formally informed of the identity and title of Francis Joseph's successor,

ST. THOMAS, D. W. I., Nov. 24.—Dr. Theodore de Booy of the American Indian Museum has unearthed here a Caribb burying ground in which was found pottery and other interesting relics of aboriginal life. This is the first discovery of the kind made here.

the court decided Mieszkow must wait until the United States is notified that the new emperor has been proclaimed.

Enough theater tickets were sold on the streets of the city by Boy Scouts, according to word from the local council, to assure that organization's maintenance for the next two years. Thirty-three Alameda county places of amusement were crowded during the afternoon and evening performances with purchasers of the pasteboards and many theater parties were held by friends and parents of the youthful salesmen.

LOS ANGELES, Nov. 24.—Members of the Southern California Retail Grocers' Association adopted tonight a resolution "condemning a continuance of the exportation of such essential foodstuffs as wheat, flour, canned milk and other canned goods until such time as prices are therefore have returned to their normal status." The association also endorsed a movement to circulate petitions among customers of the members asking the Southern California representatives in Congress to join in the movement to place an embargo on foodstuffs.

WASHINGTON, Nov. 24.—High wages ashore and the increased cost of living have seriously hampered navy recruiting. Rear Admiral McGowan, paymaster-general, told in explanation of why there are only about 50,000 recruits in the navy that the congressional appropriation authorized a total strength of 77,000. He said it was hoped that a total of 70,000 could be reached by the end of 1918.

RESCUED BY SON.

MARYSVILLE, Nov. 24.—Hiram Oliver, miner of Yuba county, fell down a mine shaft the other day and broke his right leg. Henry Oliver, his 17-year-old son, found the old miner on his back and crawled him on his back to challenge, 18 miles distant, where surgical aid was rendered. Henry fainted soon after arriving.
